PRINCIPAL'S MESSAGE

Always and
Forever.

This is the theme that our grade nine class has chosen for their graduating year. We are very fortunate to have this excellent yearbook as a record of special events, various activities which we enjoyed, commentaries, and pictures of all those special people we have come to know as our friends--students and staff members.

In years to come, we will have this yearbook to look back at and recall our time at Steele Heights. For

someone who has been around a long time, I can let you know now that you will pick up this yearbook many years from now and you will quickly remember the experiences, good and not so good, that are caught up between the covers.

To our grads, I wish you much success as you move on to high school--come back and visit us; to the students who are continuing at Steele Heights, I look forward to sharing another exciting year with you; to all the staff, those staying and those leaving, thank you for helping to make this school such a great place; to the parents of our students, may you continue to be rewarded by the success of our children.

To all of you, look at this yearbook from time to time because it will keep us together.

ALWAYS and FOREVER

A handwritten signature in cursive script, reading "D. H. Benson".

PRESIDENT'S MESSAGE

I would like to thank you the student body for allowing me to be your Student Union President. It has been my honor and privilege to represent the student body of Steele Heights. I believe special recognition should be given to the students and teachers involved in the Student's Council. They make the events possible and run smoothly. The student body and myself also applaud our sports teams, the drama production "Cinderella Wore Combat Boots", and the band for winning their first provincial gold medal.

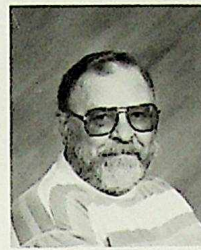

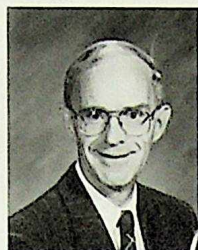

To the grade sevens: I'm sure this has been an interesting and new experience for you. I encourage you to participate in the student Union and other activities offered here.

To the grade eights: Well, you have been here for two years now and you will now be the seniors of the school. So it is up to you to keep the morale and spirits lifted up, here in Steele Heights.

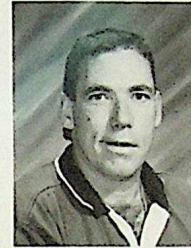

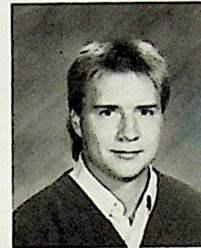

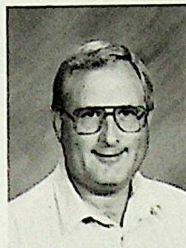

To the grade nines. Well, we've been together for three years now and we've shared a lot of good memories. However, now it is time to go our separate ways. I wish all of you the best of luck in high school and hope your future is both promising and prosperous. I hope the success and tradition of Steele Heights and its student body will always continue.

BAND, ART, DRAMA STUDENTS' SAN FRANCISCO TRIP

On May 1-9, sixty band, art, and drama students took part in a Fine Arts Tour to San Francisco, California. The purpose of the trip was to expose the students to a wide variety of cultural activities in order to enhance their fine arts education. They took in many things including the San Francisco Symphony, the American Ballet, Music Theatre, Art Gallery tours, the American Conservatory Theatre and countless other wonderful events. They, of course, also took time to explore, discover and fall in love with San Francisco!

GRAD 91

ALWAYS and FOREVER

1990-91 CLASS HISTORY EXCERPTS

... *TOBY YALTHO*

Tonight we meet under the greatest circumstances, dampened perhaps with a touch of sadness. This is the last opportunity we shall have to meet as junior high school students, and it may even be the last occasion at which all of us are together. The calendar assures us that it has been three years since we entered this school and this evening was just a date in the dim future. Time marches on, marches faster than any of us ever expected.

In my first week of grade seven I wasn't sure what to expect. Like all the others we were shy, little grade sevens trying to fit in at this gigantic junior high. We were both afraid and intimidated by the older grade nines. We soon learned that the myths of how they torment grade sevens and lock them into lockers, was just that, a myth.

Over the past three years, Steele Heights has strived academically, but this year we became a powerhouse in athletics. For example, in track and field our senior boys 4x100m relay team of Shawn Ewasiuk, Rico Snipes, Raymond Sund and Richard Russell won the city gold medal. Individually, Shawn Ewasiuk won the 400m and Mathew Pearce won the 1500m and finished second in the city in the 800m. All of our other sports teams were also as successful. Our senior boys volleyball, basketball and our co-ed slow-pitch teams all reached the city semi-final. Although we could not manage to win a city title, we still displayed great sportsmanship. The only problem with sportsmanship is that we had to lose to prove it.

Our band and drama departments combined to put on unique productions over the past three years called "Time of My Life", "The Bad Children" and this year, "Cinderella Wore Combat Boots". the only regret of junior high that I have is that I never joined our awesome band program. Mrs. Baril's concert band won their first gold medal at Musicfest in a decade, but declined the invitation to compete in the nationals as they were already involved in a Fine Arts Study Tour of An Francisco.

Although our experiences may vary, we can all still recall memorable moments. We will all remember our first day of grade seven and today, as our last day of grade nine. I will remember the San Francisco trip. I won't forget Davie Greenway and Ronald Prasad at Kananaskis in the tent and Stefan Barton and his ducks. I'll also remember the basketball games won and lost in the dying seconds and our heart-breaking semi-final loss. I will laugh as I remember Mr. Craig's singing debut; did someone say something about a dying baboon? I'll never forget how "Another Bad Creation" was "burnt" by the girls of "XYZ" at Star Search.

Those of us who, perhaps a little skeptically, entered this school three years ago, have learned today that there is a reward for effort and only real effort produces a genuine award. all of this very naturally turns our thoughts to those who have helped us achieve our personal successes. Our teachers who had a great task in teaching us and passing that education torch on to us. And our forgotten parents who have always been there to give us that extra little push trying to motivate us to do our best. What success we may achieve, whatever accomplishments may become ours, both our parents and teachers will also experience that thrill and our triumphs will be gladly shared with them.

It is our wish that some time in the not too distant future, we may meet again at familiar scenes. And as the years go by, time may weaken our memories of each other, names may be forgotten and distance may separate us from one another. Neither time nor distance, however, will ever dim our fond memories of this school; we will never forget.

Although we are not apart yet, I am not afraid to admit how much I will miss each and everyone of you when the time comes to say good-bye. This is one day in my life that I was not looking forward to. The students and teachers of this school are the greatest friends any one could ever hope for. Together we have experienced hard times, triumphs and best of all, friendship over these past three years. Hopefully these memories will stay with us ALWAYS AND FOREVER.

Friends, let me close with this thought. We leave tonight but our places will be filled by others just as eager, just as anxious, just as determined to succeed. When their turn comes may they be just as sorry to leave as we are this evening.
